

On 28 and 29 June, Katong School's scouts group organized its first-ever camp for six other SPED schools, bringing together nearly 100 scouts, leaders, and volunteers for a memorable 2 day 1 night event at Katong School.

The camp fostered values of teamwork and camaraderie as scouts participated in an indoor campfire. They dressed up their schoolmates for the fashion parade, the campfire's highlight, showcasing creativity and cooperation.

For many, it was their first overnight camp. On the second day, the scouts embarked on a hike at a nearby hill, engaging in bark rubbing and collecting nature's treasures such as flowers, leaves, and fruits that had fallen to the ground. Even when the rain came, the scouts made the best of their time under shelter by singing scout songs together, strengthening their sense of unity.

Back at school, the scouts enjoyed sensory play activities and then moved on to outdoor cooking, where they had a fun time making s'mores. Activities were designed to pair scouts from different schools, encouraging them to bond and forge friendships. The camp emphasized the importance of values, teamwork, and camaraderie, leaving the scouts with unforgettable memories and new friends.
