

# Serigala Games Day 2024

APSN

On 13 July 2024, 13 scouts and 3 leaders attended the Serigala Games Day held at Metta School. The station games, which included activities like a nerf gun shootout, basketball, bowling, bean bag throw, football, and fishing, fostered camaraderie and friendship among scouts from various SPED schools. During the refreshment break, the scouts used their own mess tins and cutlery to promote environmental conservation. It was indeed a fun-packed and educational Games Day for the scouts!
