

Artist Inc CCA is thrilled to participate in this year's Purple Parade, a powerful national platform that promotes awareness and celebrates the abilities of Persons with Disabilities. Our talented students were ready to bring their energy, creativity, and love for hip hop to the stage, joining the movement to support inclusivity.

Through months of dedicated practice, they've developed fundamental hip hop skills, strengthened their rhythm and coordination, and gained confidence in their abilities. As they perform, they'll embody the Purple Parade's vision of empowerment and unity, showcasing their unique talents with passion and pride. Together, we celebrate a Singapore where Persons with Disabilities are valued, included, and celebrated for many years to come.
